NHS Supply Chain

23rd August 2022

Dear Katy,

PRODUCT RECALL

Pajunk NRFit Epidural Kits – code number 0331166-49; Batch number 1448 ONLY

We have received a number of complaints relating to the Tuohy Needle in batch number 1448.

I would be grateful if you could check your current stock of this batch number only and inform us how many unused kits you have – we will ask you to return any unused items. Unfortunately we cannot supply any replacements until new stock arrives in mid-September but your Account Manager should be able to assist you with alternatives.

Please contact the office on 0191 264 7333 or by email at hannah.carpenter@pajunk.co.uk to discuss further.

Yours sincerely,

Stephen Brown
MANAGING DIRECTOR
