

# Roll Cage Return Protocol

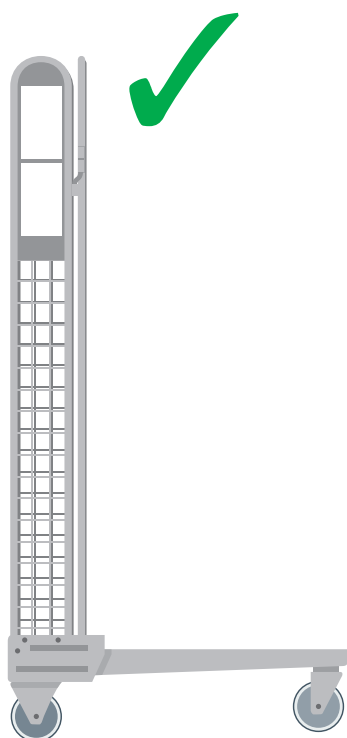

Supply Chain

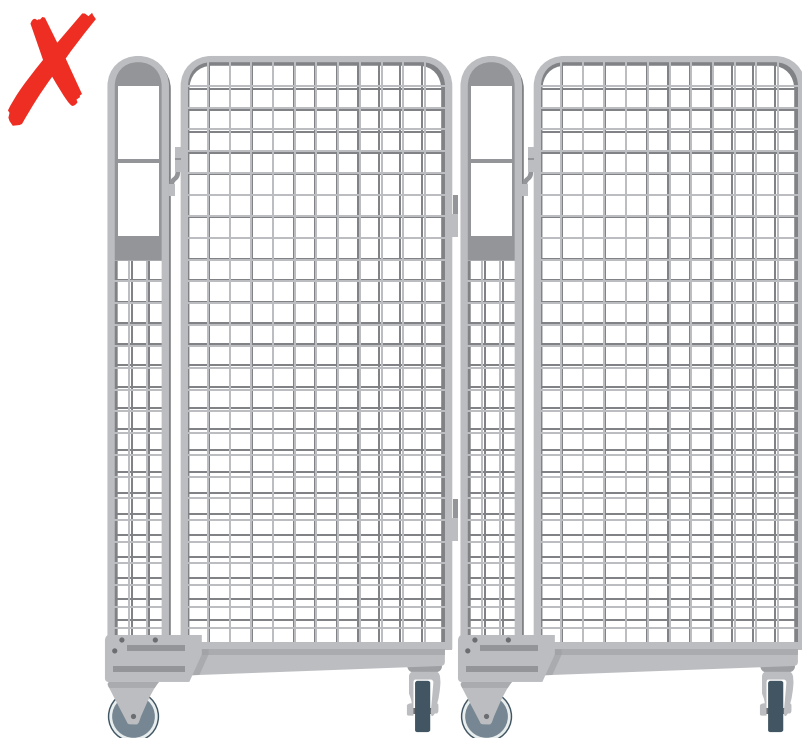

Please return NHS Supply Chain roll cages promptly. Roll cages are a critical resource and shortages significantly impact our ability to provide a satisfactory service to our customers.

For Health and Safety reasons would you please observe the following protocol when returning roll cages to NHS Supply Chain:

- 1) Roll cages must not be used for the storage or transportation of laundry, waste materials or for other dirty-use services.
- 2) Empty roll cages must be folded down and stacked together at the main delivery / collection point.
- 3) Repeated failure to abide by these requirements may lead to future deliveries being palletised.
