Re: Reintroducing the LogiCal™ Pressure Monitoring Portfolio

Dear Valued Customer,

In 2022, ICU Medical announced the planned product end of life of the LogiCal pressure monitoring portfolio.

We have received several requests from our customers to reconsider that decision. ICU Medical is pleased to inform you that we will immediately resume manufacturing of the following product categories:

- Logical Kids Kit™ blood sampling system
- LogiCal transducer kits
- Pressure monitoring accessories

There will be no changes to the original product codes, packaging, design or performance of the products listed above. While we are resuming production immediately, it may take a few months to fully replenish stock levels, and we ask for your patience as we try to serve you in timely manner.

We sincerely appreciate your loyalty and use of these products, and are pleased to continue to supply you with products to meet your needs.

Please contact your sales representative or ICU Medical Customer Service at 0845 850 0445 with questions regarding this announcement.

Yours Faithfully,

Anette Haugshøj
Sr. Global Product Manager

Please see next page for list of NHS Supply Chain NPC codes Impacted.

NPC	MPC	Product description
FFF368	MX1450	Pressure monitoring kit Pressure monitoring kit logical double line for cath lab
FFF481	MX1452	Pressure monitoring kit Single kit for cath lab
FFF172	MX543RD	Pressure monitoring line PVC Red dash 90cm 3.175mm od x 1.65mm id male/female
FFF175	MX544RD	Pressure monitoring line PVC Red dash 120cm 3.175mm od x 1.65mm id male/female
FFF178	MX545RD	Pressure monitoring line PVC Red dash 150cm 3.175mm od x 1.65mm id male/female
FFF179	MX546B	Pressure monitoring line PVC Blue stripe 180cm 3.175mm od x 1.65mm id male/female
FFF181	MX546RD	Pressure monitoring line PVC Red dash 180cm 3.175mm od x 1.65mm id male/female
FFF005	MX565	Tube pressure monitoring male/female luer lock sterile clear PVC 1.65mm id 3.18mm od 152cm long
FFF251	MX566P1	Tube pressure monitoring male/female luer lock sterile clear PVC 180cm
FFF220	MX9604	Pressure monitoring kit Single disposable clear coded 120cm with 30cm extension
FFF224	MX9605	Pressure monitoring kit Single disposable clear coded 180cm with 30cm extension
FFF866	MX9605CZ	Pressure monitoring kit DPS Single Line 20/Bx
FFF300	MX9606	Pressure monitoring kit Triple disposable blue/red/yellow coded 150cm
FFF217	MX960P1	Pressure monitoring transducer sets disposable Logical reusable pressure monitoring transducer
FFF692	MX960X2SCP1CZ	Pressure dome With 2 stopcocks 1way/3way
FFF228	MX9622	Pressure monitoring kit Double disposable blue & red coded 150cm with 15cm extension
FFF230	MX9622V	Pressure monitoring kit Double disposable blue & red coded 150cm with 15cm extension solvented connections
FFF231	MX9622VT	Pressure monitoring kit Double disposable blue & red coded 150cm with 15cm extension solvented connections extra admin limb
FFF232	MX9623VT	Pressure monitoring kit Double disposable blue & red coded 180cm with 15cm extension solvented connections extra admin limb
FFF233	MX9624R	Pressure monitoring kit Single disposable red coded 120cm with 15cm extension
FFF747	MX9624RLCZ	Pressure monitoring kit DPS Single Line Red Colour Coded 180cm
FFF234	MX9624RV	Pressure monitoring kit Single disposable red coded 120cm with 15cm extension solvented connections
FFF499	MX9625R	Pressure monitoring kit DISP LogiCal Transducers Single monitoring kit lit red for arterial 180cm
FFF235	MX9630	Pressure monitoring kit Single disposable neonatal low volume tubing 30cm
FFF153	MX9633	Pressure monitoring kit Disposable single closed sampling system neonatal low volume tubing 45cm
FFF237	MX9634B	Pressure monitoring kit Single disposable blue coded 120cm
FFF536	MX9634BL	Pressure monitoring kit Dps venous pressure monitoring kit 180cm
