URGENT: FIELD SAFETY NOTICE

Jelco® Optiva® IV Catheter 5063-AI

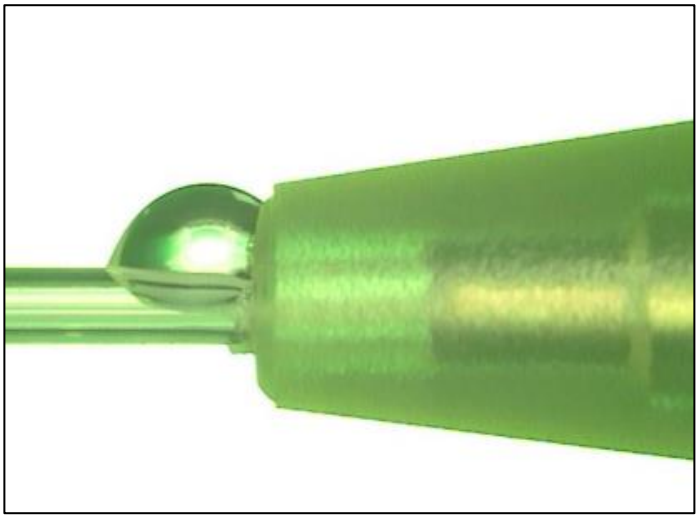
13th April 2023

Dear Valued Customers:

Smiths Medical, Inc. is issuing this Urgent Field Safety Notice to notify you of a potential defect with the Jelco® Optiva® IV Catheters. This letter details the issue and the required steps for you to perform.

Issue:
Smiths Medical has identified the potential for a manufacturing defect within specific lots of the 24-gauge Jelco® Optiva® IV catheters which may result in leakage at the insertion site.

Potential Risk:
The potential leakage is the result of catheter damage at proximal end of the catheter and near the tip of the female luer connector. A potential concern would be any fluid loss that would disrupt routine fluid delivery, drug delivery or administration of blood. To date, Smiths Medical has not received any reports of serious injury or death associated with this issue.



Affected Product:
Our records indicate that you may have received some of the affected products, which were distributed in United Kingdom in November and December 2022. The affected item and lot numbers are provided in Table 1, below:

Table 1: Affected Product and Lot Numbers

List Number	Product Description	Lot Number
