December 2023

**ATTN: Purchasing, Nursing, Pharmacy and Biomedical Staff**

**Subject: BD Alaris™ SE Infusion Pump Sets – Supply Constraints**

Dear Valued Customer,

In 2014 we informed you about CareFusion's decision to discontinue the sales of our Alaris® SE infusion pumps while maintaining the distribution of the corresponding range of pump sets.

In May 2023 we further informed you about the definite discontinuation of the Alaris™ SE infusion pump sets by December 2024 and that we would manufacture a limited range of Alaris™ SE infusion sets until May 2024. After this date we will keep shipping the sets until December 2024 or while supplies last (whichever comes first).

Due to component shortages we have not been able to manufacture to expected capacity as planned and therefore stock of certain SKU's will be depleted before this date.

Stock will be reserved and prioritised for customers that have on-going contracts with BD. We therefore encourage you to consider moving to your alternative pump platforms at the earliest convenience.

<b>Product Code</b>	<b>Description</b>	<b>Expected Depletion Date</b>
11499817-09	Blood set with double spike	February 2024
72103-0006	Burette set	December 2023
72304B	Primary set	April 2024
72313-0006	1.2 filter set	February 2024
72923-0006	0.2 filter set, no ports	June 2024
72923E-0006	0.2 filter set, with ports	December 2023

We recognize that this situation may have an impact in the hospital's purchasing patterns and would like to minimize the consequences. We recommend contacting your local BD Representative to identify an appropriate strategy to meet your ongoing needs.

BD appreciates your business and looks forward to serving your healthcare needs. For additional information and to reach your local sales representative, please call Customer Care on 0800 917 8776.

Your Sincerely,  
Emma Stevens  
UKI Marketing Manager
