Vocal Cord Placement Markers

Sizes 5.5mm and above feature the same double line as the VentiSeal tubes, making them clearly visible from all angles, facilitating safe and accurate tube placement.

We use cookies to give you the best experience on our website. By continuing to use Flexicare.com, you give your consent. You can read our [Privacy Policy](#) for more information.

Smooth Bevelled Tip

Rounded bevelled tip reduces risk of damage to vocal cords during intubation.
