

February 2025

Caresite Triple Needlefree Extension with Back Check Valves – Temporary Supply Issue
470161 / FSB1751

Dear NHS Supply Chain

Please be aware that we will temporarily be out of stock of the following product until early April 2025:

470161 / FSB1751 - Caresite Triple Needlefree Extension with Back Check Valves

During this time we have the below alternative solutions available.

Alternative Product Code	Product Description	Differences
470182	Caresite Triple Needlefree Extension with Back Check Valves	2 lumens instead of 3, does have back check valves
470160	Caresite Triple Needlefree Extension	3 lumens, no back check valves
470160 & 4094000N	Caresite Triple Needlefree Extension & Infuvalve Back Check Valve	This would require manually adding 3 separate Infuvalves to each lumen of the Caresite triple

We are doing everything we can to resolve this situation in a timely manner.

Yours faithfully

Ian Parsons
