May, 13th 2025

Dear Valued Customer,

RE: BD Vacutainer® PushButton Blood Collection Sets & BD Vacutainer® UltraTouch™ Push Button Blood Collection Sets SKU availability
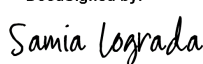

BD Specimen Management is committed to providing the best possible product experience to our customers. This letter contains valuable information regarding SKU updates on specific BD products to continue to best serve customers.

To enhance efficiency in our manufacturing plants and ensure stable product availability for our customers, we have temporarily paused production of certain blood collection set SKUs. Details are provided in Table 1 below. This change is already in effect and will continue through September 2025. BD will notify you when the paused SKUs become available for order.

Please work with your local BD representative to ensure a smooth transition to the new SKU.

We understand the important role that our products play in ensuring accurate diagnostic test results for your patients as well as safety and confidence for your clinical staff. For more information about these changes, please contact your local BD representative.

Sincerely,

Samia Lograda
