January 7th, 2025

Dear Valued Customer:

Cardinal Health remains committed to serving the healthcare community by providing products and service that are essential to care. We're writing to inform you of changes occurring within our Cardiothoracic product portfolio.

Rebranding

Cardinal Health will be transitioning from Covidien brand and sub-brand names to Cardinal Health brand names. Chest Drainage Units, Thoracic and Trocar Catheters within our Cardiothoracic product portfolio will be rebranded from Covidien to Cardinal Health brand.

Please note:

- No changes to product specifications, product performance, manufacturing processes, or quality inspection procedures will occur as a result of rebranding. The only change is to product labeling.
- References to, and use of, Covidien trademarks will be removed from product art, logos, packaging, and labeling, and reflect Cardinal Health branding.
- A list of impacted items and the estimated dates of when Covidien brand product will deplete and switch to Cardinal Health brand can be found in the Appendix A and B sections of this document
 - Appendix A: Chest Drainage Units / February 2025
 - Appendix B: Thoracic and Trocar Catheters / February 2025

Chest Drainage Units -- Instructions for Use Update

The Instructions for Use for Cardinal Health Chest Drainage Units (CDUs) have been updated to clarify the intended/target patient population as adults. Chest Drainage Unit (CDU) products affected by this change are referenced in Appendix A

DEHP Update

Effective February, 2025, Thora-Seal™ I and Thora-Seal™ II Chest Drainage Units and Argyle™ "Y" Tubing Extension Set are now made with materials that do not contain DEHP. With this change, the entire Chest Drainage portfolio is now made with materials that do not contain DEHP.

Please contact your Cardinal Health sales representative for further questions.

Sincerely,

Frederic LeRoy
Vice President, International Marketing
