BD Viper™ LT CT/GC Assay – Discontinuation Notification

Dear Valued BD Customer,

At BD Life Sciences, we have an ongoing commitment to developing, producing and delivering the highest quality products to meet your evolving laboratory needs. To maintain this commitment, we periodically review our product portfolio with the goal of optimizing our product offering to supply them in the most efficient and timely manner.

This letter is to inform you of the plan to discontinue sale and service of the BD Probetec™ *Neisseria gonorrhoeae* (GC) Qx Amplified DNA Assay, and the BD Probetec™ *Chlamydia trachomatis* (CT) Qx Amplified DNA Assay used on the Viper™ LT System. The discontinuation date will be March 30, 2026. Your local BD team will work with you on a transition plan to other BD molecular platforms.

The table below highlights the impacted SKUs:

SKU #	Material Description
442842	Kit GC QX Gray Amp Amplified DNA Assay
442959	Kit CT QX Gray Amp Amplified DNA Assay
441125	Set CT/GC Qx Control
441128	Kit Reagent and Lysis Trough Qx
441129	Tube FOX Extraction Tubes
441994	Kit Reagent Trough Viper SDA Extraction
442958	Kit Accessory SDA Viper LT
441360	Specimen Tubes and Pcaps Viper XTR
441361	Swab Diluent Qx Amplified DNA Assays
441122	Swab Vaginal Transport CT/GC Qx Assays
441357	Swab Endocervical Specimen Collection
441358	Swab Male Urethral Specimen Collection
441362	Tube Urine Preservative Transport Qx
441359	Pcaps For Viper XTR
441443	Cap LBC Qx
441444	Tube LBC Diluent Qx

We apologize for any inconvenience this may cause you, and we thank you for your continued trust in BD products. Please contact your local BD representative for more information about this discontinuation. If you have any technical questions, please contact your Molecular Application Specialist.

We appreciate your continued support, and we thank you for choosing BD.

Sincerely,

Monika Destruelle
