

28th May 2026

Dear Customer,

We would like to inform you of an upcoming update to our ordering codes for the Inspire nCPAP Bonnet range.

As part of this change, all existing Inspire bonnet product codes will be transitioned to new Vincent Medical codes, as detailed in the table below.

Please note the following important points:

- No change in price per unit – pricing remains unchanged.
- Change in box quantity – previous product codes were supplied in boxes of 10 pieces, whereas the new codes are supplied in boxes of 20 pieces.
- When placing orders using the new codes, please adjust your order quantities accordingly to reflect the increased pack size.
- This will be implemented as a rolling change, and both old and new codes may be in circulation for a short period while existing stock is used. We will communicate with you once stock is depleted.

Code Conversion Table

Old Code	Description	New Code	New Description
IHBWH000	Inspire nCPAP bonnet white (1pc) (size 000)	50011191	Infant Bonnets\504-B(000)\20pcs/box
