

Dear Valued Customer,

At Johnson & Johnson MedTech Surgery, we remain committed to delivering high-quality solutions, innovation and improved patient outcomes.

We are pleased to announce the introduction of an **improved version of SURGIFLO™ Haemostatic Matrix**, available from 1st July 2026.

Product Name	Old Code	New Code
SURGIFLO™ orders placed directly	MS0012	MS0016
SURGIFLO™ via NHS Supply Chain	ELS639	FXS86853

SURGIFLO™ Hemostatic Matrix Kit with Thrombin (MS0016) features^{1*}:

- Unbeatable Preparation Time
- Lower Environmental Impact – Less Components
- Improved Preparation
- Efficient Assembly
- Fast Onboarding

Please note:

- The box design will change, in line with our wider Surgiflo range.
- Existing stock with code MS0012 can continue to be used until depleted.
- If you are ordering directly with J&J, change the ordering code to MS0016 from 1st July.
- If you order MS0012 via the NHS Supply Chain Catalogue, continue to do so until you are redirected to order the new MS0016 code.
- Please refer always to the Instructions for Use / Package Insert that come with the device for the most current and complete instructions.

These improvements aim to save valuable time in the operating room, simplify workflow for surgical teams and reduce medical device waste.

If you have any questions or need support during this transition, please respond to this message or contact your local J&J Haemostat Sales Specialist.

Kind regards,

Genevra Griggs

UKI Surgiflo Product Manager
