

Imager II™ Angiographic Catheter Discontinuation Notification

September 1st, 2025

Dear valued customer,

We want to inform you that distribution of Boston Scientific's Imager II™ Angiographic Catheter product line will be discontinued on **November 30th, 2026** or upon prior inventory depletion. Please see Appendix A for the affected Imager II™ Angiographic Catheter universal part numbers (UPNs) that will no longer be available.

Boston Scientific regularly reviews our portfolio of products to ensure it aligns with our strategy of category leadership & our commitment to providing the best products for physicians & patients. Upon review, we have made the difficult decision to discontinue the product line.

We appreciate your partnership as we work through this discontinuation and apologize for any inconvenience it may cause. If you have any questions or would like to discuss alternative product solutions, please contact your local Boston Scientific sales representative.

Sincerely,

Samir Ramakrishnan
Boston Scientific
Global Product Manager, Interventional Oncology & Embolization

Appendix A: Imager II™ Angiographic Catheter UPNs to be Discontinued

UPN	Description
M001314001	IMAGER II 5F/ST/65 CM/038 GW
