Meet the brands: This January, we are excited to offer you a great range of promotions from Nestle, Knorr, Silver Spoon and Walkers.

Nestlé is home to an extended range of brands from global icons to local favourites, offering foods and beverages like KitKat, Aero and more.

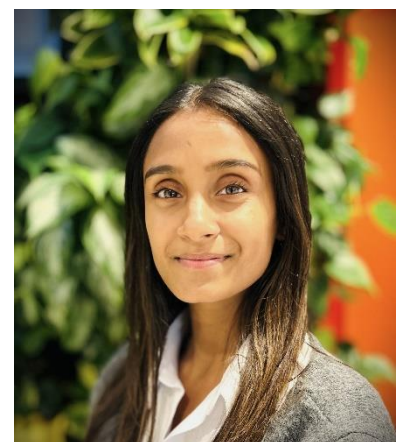

As part of the Unilever brands, Knorr bring flavour to everyday favourites with a range of stocks, soups, seasonings and pastas.

Silver Spoon is inspiring Britain to create more moments of baking joy. From caster sugar for the fluffiest sponges, and icing sugar for delicious decorating.

Walkers create a range of crisps, from classic to baked and ridged to sensations.

A note from the experts: Culinary and Dietetics

Walkers baked crisps are a lighter snack choice, containing around 98–110 kcal per 25g pack with 70% less fat than traditional crisps, making them suitable for those monitoring calorie and fat intake. Each serving offers 16–18g of carbohydrates for energy, along with a small amount of dietary fibre (1.5–2g) to support digestion. They have reduced saturated fat and sodium levels, promoting heart health when enjoyed in moderation. Walkers baked crisps are made without artificial colours or preservatives, therefore, align with cleaner eating preferences and providing a balanced snack option.
