Multi Trust Aggregation: MTA

A Multi Trust Aggregation (MTA) opportunity is where we at NHS Supply Chain combine (aggregate), similar capital requirements from multiple trusts, across different product areas in order to achieve greater discounts from our suppliers, making savings for your trust.

Supply Chain

8 June 2022	14 September 2022	9 November 2022	11 January 2023
6 May 2022	15 July 2022	21 October 2022	13 January 2023
6 May 2022	15 July 2022	21 October 2022	13 January 2023

NHS Trust		NHS Supply Chain				NHS Trust
Confirm and commit final requirements to NHS Supply Chain by MTA key date	Confirm to NHS trusts that MTA will go ahead	Negotiate further discounts with supplier	Provide NHS trusts with new quotes at discounted prices	Issue each NHS trust with unique reference number (URN)	Confirm total savings that have been achieved	Submit PO to NHS Supply Chain at agreed purchase price, 30 days after URN
