

Measurement Points

1. Neck

2. Bust / Chest

3. Waist

Measure at the narrowest point, unless the waist exceeds the Hip measurement.

(For large stomach, measure at the widest point.)

4. Hip / Seat

Measure at the widest point.

5. Sleeve Length

Measure to where the garment is to finish.

(Uniforms are intended to be nil below elbow to support effective hand hygiene.)

6. Bicep

Measure at the widest point.

7. Back Length

Measure from the centre back neck, to where the garment is to finish.

(If not filled in, standard length will be made.)

8. Inside Leg

Measure from the crotch point between the legs, to the top of the shoe.

9. Height
